

# FIBER OPTIC CABLE

## IDC BOND CLAMP LARGE

Clamp body is made from engineering-grade thermoplastic with insulation-displacement contact design that makes contact without penetrating the shield or causing attenuation to the fiber. The IDC connection also maintains contact throughout the seasons, in spite of environmental changes to the cable.

### FEATURES

- Will not cause attenuation to the fibers
- Gel-filled IDC connector for waterproof connection
- Rated for #14-#6 AWG ground wire
- Meets Telcordia and UL requirements for “Cable Shield Bonding Clamps”
- Range-taking cable .80” to 1.30” diameter
- No opening of the cable sheath

### BENEFITS

- Reduces total cost (time and materials) by up to 94% in comparison to legacy solution.
- Extends life of bonding points through utilization of waterproofing gel and precise cable jacket penetration.

### ORDERING INFORMATION

EM-80130-XX : Fiber Optic Cable IDC Armor Ground Connector (see \*XX below)

\*XX = Options for stainless steel screws:

**PS** = #10 Phillips head screw

**RS** = #10 Robertson square drive screw
